

Endorsements

I've known Perry for more than a decade. He is a workhorse! Whether it's been serving our country for over 24 years in the Air Force or as a job creator running assisted living facilities, Perry Nouis has spent his adult life serving the country and his community. It comes as no surprise that Perry has decided to run to serve as the next representative for 44A. I can think of no one else better suited to get our economy humming again, cut wasteful spending and fight for our constitutional right to self-determine. Perry is the right candidate at the right time and I enthusiastically endorse him.

Tom Emmer
U.S. Representative
Minnesota's Sixth Congressional District

I have known Perry Nouis since he was the Chairman of the Morrison County Republican Party. He has worked tirelessly on behalf of candidates who are dedicated to protecting life, protecting taxpayers, and protecting the futures of our children. He was instrumental in garnering support for me in my successful campaign for the State Senate. Perry has my support. He will be a tremendous representative for the citizens of Plymouth and Minnesota.

State Senator Paul Gazelka
Majority Leader
Minnesota State Senate

"Perry's background as both a Lt. Colonel in the Air Force and a small business owner for many years gives him a perspective on government that is unique in the Legislature. His priorities are centered on the taxpayers and hardworking citizens of Minnesota. He'll represent us all very well in St. Paul."

Jeff Johnson – Hennepin County Commissioner

"Perry Nouis will serve the district and state with integrity and respect as he builds on many years of experience working directly with people from all walks of life, ensuring that their needs come first - whether families, businesses, or educational institutions."

Longtime friend - Rep. Sondra Erickson District 15A
